For entertainment, the people gathered around the fire to tell stories or celebrate festivals with music and dancing.

For entertainment, the people had a bath house to relax in, an open market to socialise at and poetry and music to listen to.

Who were the first people to live in the area?

We know that by 500AD, The Wrekin had no settlements on it.

So where did the people go? One likely option is that they joined the Romans in the newly-formed town of Wroxeter.

By looking at your statements can you describe how life would have been different for a member of the Cornovii tribe if they now lived in Wroxeter city?

What would be better and what might they miss from living on The Wrekin?

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or other markings on the paper.

Who are Teacher's Pet?

Teacher's Pet have been providing downloadable and playable educational content to early years and primary school teachers for over 14 years. We cover all areas of the curriculum and use a team of in-house teachers and designers to create engaging and memorable concepts, that the children will love.

Why local history?

At [Teacher's Pet](#) we want to empower primary school teachers by giving them the tools they need to deliver inspiring and thoughtful lessons about the local area and its history. We believe local history teaching has such an important part to play in a child's wellbeing – helping to give children a sense of pride in where they live.

Our Local History project is designed to provide teachers across the UK with everything they need to successfully carry out a full scheme of teaching about their local area, through key enquiry questions and source led activities.

Working with [Historic England](#) gives us access to archived maps and photos for resources and information from knowledgeable local historians, as well helping us to provide the content to you free of charge.
